

# KODAK VIDEO MONITOR FOR PETS CFH-V15

## ELEVATED EXPERIENCE

The KODAK Video Monitor for Pets CFH-V15 lets you check on, talk to, and capture memories of your pets while you're away. With smooth HD streaming video, crisp two-way audio, and automatic night vision, you'll never miss a moment. Elevate the viewing experience with full camera control to pan 350° left and right and tilt 105° up and down so you can see more of your furry friends using the free and secure iSecurity+ app (iOS, Android). The proprietary Smart Detection technology automatically detects, records, and stores video clips of your pets in the cloud for up to 24 hours (premium storage available for purchase). Activate the Pet Highlight Reel™ to turn every day video events of your furry friends into cute montages for you to relive and share your pet's most memorable moments. With the KODAK Video Monitor for Pets CFH-V15, you'll always stay close to your loved ones.

## NEVER MISS A MOMENT

Play back recorded pet-triggered video events—stored in the cloud—from the past 24 hours. The KODAK Video Monitor for Pets CFH-V15 includes Lifetime 1-Day Cloud Storage so you can rest assured that you'll never miss a moment.

## TALK TO YOUR PETS ON THE GO

Use 2-way audio to listen and talk to your furry friends through a built-in microphone and speaker. Through the iSecurity+ app (Android, iOS), you can interact with your pets (or ask them to stop chewing on your shoes) from anywhere in the world.

## PET HIGHLIGHT REEL

The Pet Highlight Reel™ makes it easy to show off your pet's interesting activities by turning their most exceptional memories into video montages, pre-prepared and ready for sharing with friends and family.
