

Engineering Consultancy

KODAK Onsite Consulting Services Process Lighting

Catalog Number: 145 6946

Purpose

To assist the customer in the design of a complete darkroom lighting concept. The design will be based on product sensitivity, operation time, product flow, safe navigation and exiting, and ergonomics.

Benefits

- Darkroom lighting specifically designed for the customer's needs and the KODAK Products they use
- Safety: supply areas are more effectively lit; personnel can navigate more confidently; hazardous areas are illuminated to prevent injury (where possible)
- Increased productivity due to ergonomically designed production facilities

Kodak Deliverables

After assessing the customer's needs, Kodak will provide a written report within 5 business days, unless otherwise stated. The report will include a complete assessment of process performance and product interactions, as well as recommendations for future activities.

Ordering Information

Cost to be determined based on the Terms and Conditions stated in the Service Agreement and agreed upon scope of work. Contact your local Customer Service Representative for price and availability in your area.
