Smaller Case Size for KODAK HAWKEYE Traffic Surveillance Color Film / 2486 135 Film

We are switching to smaller and sturdier corrugated packaging. The new packages hold fewer sales units of 135 films, and should allow you to stock and ship product more efficiently. As before, the minimum/multiple order quantity is a case of twenty (20) rolls. Pricing remains the same.

Shipments of the new catalog number listed below will occur on a stock-turnover basis, beginning in November. On November 15, please begin ordering using the new number.
