

Kodak

7000 Photo Printer

Powerful performance that pays off.

Triple-threat print performance puts you in the lead. World-class KODAK Print quality. High, sustained print speed. Efficiency in every detail. The KODAK 7000 Photo Printer packs an impressive profit-generating punch.

At the center of the KODAK Adaptive Picture Exchange (APEX), the new KODAK 7000 Photo Printer is a world-class athlete. Designed to optimize your print output, the KODAK 7000 Photo Printer features the heart of a marathon runner and the legs of sprinter.

Built from the ground up, it operates on one basic principle: to give you the tools to maximize your printing profits. Every detail is designed to help you boost productivity and profitability.

- **Fast** - 10x15 cm (4x6 in.) KODAK Quality Prints in 8 seconds

A proven combination for efficiency that's 1-2-3 easy!

Create over
500
products with
one SKU!

It's a breakthrough! Our new Dual Finish Technology allows you to make over 500 products all from one exclusive Kodak media SKU. KODAK XTRALIFE™ II Paper has been specially formulated and optimized for the KODAK 7000 Photo Printer and APEX.

When we combine our custom laminate modulation formula, and new media, you can create both Satin and Gloss finishes from one SKU. Our new media also delivers three print sizes: 10x15 cm (4x6 in.), bordered 13x18 cm (5x7 in.), and borderless 15x20 cm (6x8 in.) That's smart thinking that helps your bottom line.

Maximum output. Minimal effort.

Just turn it on and in 5 minutes your KODAK Adaptive Picture Exchange (APEX) is ready to run all day long - with minimal intervention. The KODAK 7000 Photo Printer delivers the operational simplicity of our award-winning kiosk printers—revved up to handle the speed and volume you need.

Our unique Ribbon Optimization Technology reduces waste and helps ensure you get the most for your money. This is becoming more important as the variety of products you want to create onsite grows. You need a dry lab printing system that optimizes every square inch of media you use— every day. We've

designed our thermal printers to do just that.

With APEX, you don't need "lab technicians" any more. Your team can spend more time with customers—selling premium products and building loyalty to your brand.

- Familiar, easy paper loading
- Less waste—Kodak's Ribbon Optimization Technology
- Less SKUs to manage—more products to sell
- On-screen help and notifications
- Cabinet lights indicate attention needed—at a glance, at a distance
- Only front access required for maintenance
- Energy Save Mode—reduce energy consumption when your printer is idle

New Clear Caption for subtle front printing of order info

“ Changing the paper is just like the KODAK Kiosk. There’s nothing to it! ”

— Store Owner

Winning consumer choices.

The KODAK 7000 Photo Printer lets you double the products you can offer consumers—in one quick and easy step. Consumers can choose Satin or Gloss finish on a per order basis—right at the KODAK Picture Kiosk.

What’s the reaction to this new choice? Consumers approve! Our testing showed that consumers clearly see a difference in the finishes, and really appreciate the choice. This is becoming more important with the new creative options—like Photo Books, Collages, Calendars. These can be made on the KODAK 7000 Photo Printer at up to 15x20 cm (6x8 in.). Choose a dry lab solution that keeps you ahead of consumer preferences—with one smart SKU.

KODAK Quality they value.

KODAK XTRALIFE™ II Paper offers the same exceptional quality consumers love in our KODAK Picture Kiosk prints. For rich, luscious color, clarity, and durability that makes sharing worry-free, trust Kodak to deliver. Prints from the KODAK 7000 Photo Printer are stain resistant, waterproof and will last a lifetime.*

Better, brighter pictures.

The KODAK Adaptive Picture Exchange (APEX) and our KODAK Picture Kiosks offer exclusive KODAK PERFECT TOUCH Technology for:

- More vibrant colors
- Fewer dark shadows
- Richer detail
- Simply better, brighter pictures!

KODAK XTRALIFE™
Lamination for prints that last a lifetime.*

Enhanced with KODAK
PERFECT TOUCH Technology

“ Print quality is a big question with any new system. We’re absolutely wowed! Even the professionals are amazed. ”

— Photo Dept. Manager
