

KODACOLOR FTF Transfer Release Film

HOT PEEL MATTE FILM

Kodak's KODACOLOR film-to-fabric (FTF) print system provides printers with high-quality options to meet their customers' demands. Kodak offers both cold and instant hot peel transfer film to suit any workflow. Under heat, the film is dimensionally stable, anti-static and scratch resistant. It also provides an instant clean image transfer with a press time as short as 3 seconds.

| Property | Unit | Method | Result |
|-----------|------|---------|--------|
| Thickness | µm | Caliber | 75±5 |
