

BOOST YOUR BUSINESS WITH SEAMLESS WEB2PRINT INTEGRATION

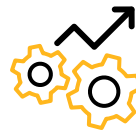

Streamline ordering and enhance customer experience with the only ecommerce platform fully integrated with PRINERGY.

Kodak has partnered with Vpress to develop a browser-based web-to-print solution fully integrated with PRINERGY to streamline the print ordering and proofing process. This state-of-the-art web-to-print solution enables 24/7 online ordering, customization, and management of printed materials from online purchase through to production, making the entire process more convenient and efficient for you and your customers.

Reduce Costs

Cut rework and lower costs by seamlessly integrating your ecommerce with production workflows.

Increase Productivity and Capacity

Streamline processes to reduce touchpoints, speed production and increase output for greater profitability.

Increase Customer Loyalty

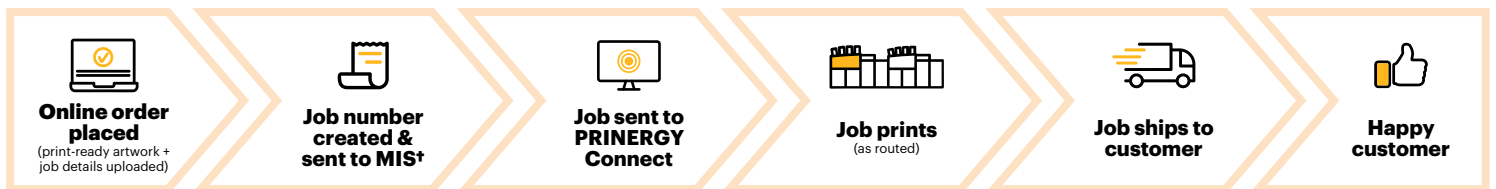

Attract more business with round-the-clock online print management.

Quick & Easy Setup

Get up and running quickly with our browser-based solution, fully integrated with PRINERGY.
