

KODAK DX3600 Zoom

Digital Camera

Part of the EasyShare System

Kodak

Share Moments. Share Life.™

- 2.2 MP resolution
- 6X zoom (2X optical, 3X digital)
- Captures digital video with audio
- 8MB of internal memory
- Compatible with KODAK Camera Dock

Bring pictures to life.

Pictures perfect

The DX3600 offers 2.2 megapixel resolution, 6X zoom (2X optical, 3X digital), and is capable of delivering beautiful images for e-mailing, or stunning, photo-realistic prints (up to 8"x10") from your inkjet printer.

Digital video with audio

Easily capture life's most precious moments in continuous digital video and audio. The DX3600 comes with a built-in microphone/speaker, allowing you to capture

and review both audio and video right on the camera. You can also connect the camera to a computer or TV and see your videos on a big screen (cable included).

Easy to shoot and share

The DX3600 makes it easy to take great looking pictures with just the touch of a button. The camera comes with 8MB of internal memory, plus it features a COMPACTFLASH expansion slot so you can easily increase the number of shots your camera can hold.

If you use the optional KODAK Camera Dock sharing is just as easy. Simply place a DX3600 in the dock, touch the button and pictures are automatically sent to your computer and are ready for e-mailing and printing. The Camera Dock will also quickly and automatically recharge your camera's battery pack, so you'll always be ready to take more pictures.

The EasyShare System

Shoot a picture, touch the button and share your pictures with the world.
