- Compatible with the optional KODAK EASYSHARE Camera Dock for simple, one-touch picture transfer

Creative ease. Big results.

Get incredible image quality

Introducing the first print-optimized 4.0MP point-and-shoot digital camera designed to be one-touch simple. With the DX4900's 4.0MP, you'll get stunning prints from 4" x 6" to 20" x 30". And thanks to KODAK color science, you'll get superb color consistency and more versatility for better pictures no matter where or what you're shooting. The KODAK all-glass, high-quality aspheric lens with 6X zoom lets you zero in on your subjects with crisp detail. And with our exclusive Advanced Digital Zoom

technology, you'll get great 4" x 6" and 5" x 7" prints.

Take creative control

The DX4900 has automatic and manual settings that cover everything from color, focus, sharpness, and burst mode to ISO, white balance, and shutter speed. Its six resolution settings mean you can pick the right size for your needs, from e-mailing to enlargements. With our included software you can make good pictures look great with picture enhancement options and fun effects.

Share with ease

We've also made sharing great-looking pictures one-touch simple. With the KODAK EASYSHARE Camera Dock, your pictures are transferred from your camera to your computer at the touch of a button. Now you're ready to e-mail your pictures to family and friends, create prints using KODAK Inkjet Papers, and share your memories. Plus, the dock conveniently recharges your camera's battery pack so you'll always be ready when the next moment to remember arises.

The EasyShare System

Shoot a picture, touch the button, and share your pictures with your world.
