

# DX6440

### Standard Features

- CCD resolution
  - 4.23 megapixel (2408 x 1758 pixels)
- Image resolution
  - 4.0 megapixel (2304 x 1728 pixels)
- Image quality
  - 4.0MP – best (print, enlargement)
  - 3.5MP – best 3:2 (optimized ratio for 4" x 6" prints)
  - 2.1MP – better (small print)
  - 1.1MP – good (e-mail)
- Lens
  - 4X optical zoom (5.5-21.8 mm – equiv. to 33-132 mm in 35 mm format)
  - 3.8X Advanced Digital Zoom
  - 15X total zoom
- Auto focus
  - high-speed low light auto-focus with selectable modes: multi-zone, center-zone
- Focus range
  - wide - 50 cm (19.7 in.) to infinity
  - tele - 75 cm (29.5 in.) to infinity
- LCD
  - 1.8" (4.6 cm) 134k pixel indoor/outdoor display
- Real-image optical viewfinder
- Aperture
  - f/2.2-5.6 (wide), f/4.8-13 (tele)
- Shutter speed
  - 4-1/2200 sec.
- ISO equivalent
  - automatic (100-200)
  - manual (100, 200, 400)
- White balance
  - auto, daylight, tungsten, fluorescent
- Built-in flash
  - auto, red-eye, fill, off
- Flash range
  - wide – 0.5-5.1 m (1.6-16.7 ft.)

Share Moments. Share Life.™

Shoot. Touch. Share. With the Kodak EasyShare system, sharing is simple. Just place your Kodak EasyShare digital camera into the dock, touch the button, and your pictures are automatically sent to your computer. Now you're ready to e-mail pictures and share great-looking prints with the world.

Just press

# DX6440

## Up close and in control.

With features like its high-powered zoom, precision auto-focus, and wealth of creative settings, the DX6440 gives you the power to make amazing photos.

### Professional-quality 4X optical zoom

Get even closer to your subjects with its Schneider-Kreuznach Variogon lens. Co-developed by the leader in lens optics technology, this lens provides incredible sharpness, maximum depth of field, and brightness, edge to edge.

### Big, beautiful prints

With the DX6440's 4.0MP, you can go from 4" x 6" to 20" x 30" and everything in between. Any way you do it, you'll get vibrant color and crisp detail.

### High-performance flash

The DX6440 is smart enough to sense a backlit situation and trigger the auto-fill flash. And it's powerful enough to light subjects up to 17 feet away.

### Amazing color quality

Vivid color. Exceptional exposure. Color consistency. Sharpness. You get it all with Kodak color science inside, including powerful matrix metering.

### High-speed, low light auto-focus

The DX6440 delivers fast click-to-capture performance. Its dual sensors allow you to focus in almost complete darkness so you can get just the shot you want, even when you use the zoom.

### Multi-zone auto-focus

No matter whether your subject is in the center of the frame or off to the right or left, the DX6440 delivers incredible sharpness.

### Settings that make it simple

Choose from many scene modes – from portrait to landscape to a sports mode with ultra-fast 0.45-second click-to-capture, combined with a very fast shutter speed already set for you. The details are covered so you can consistently get a great shot.

### Even more creative options

Selectable aperture priority, shutter priority, and exposure compensation, as well as options for ISO, white balance, sepia, and black and white, are ideal for those who want even more creative flexibility.

### Video and audio with speaker

Capture life in motion with the continuous video with audio feature. Then play it back for family and friends.

### One-touch sharing

When you know you have a picture you'll want to print or e-mail, tag it using the on-camera Share button. When you transfer your pictures, the picture will be ready to go. Plus you can store 32 e-mail addresses right in your camera for extra-easy e-mailing.

### Making digital even simpler

Transfer pictures from camera to computer at the touch of a button with the optional Kodak EasyShare camera dock 6000. And while the DX6440's docked, its batteries are recharged.

Want more? The optional Kodak EasyShare printer dock 6000 does all this *and* is the simplest way to get long-lasting, waterproof, 4" x 6" Kodak photos.

### High-resolution indoor/outdoor display

Preview and review your shots with brightness and clarity on the DX6440's extra-high-resolution 1.8" display. It's even viewable in direct sunlight, all while maintaining exceptional viewing quality.

### Auto rotation sensor

Your pictures will always appear right-side-up, so you'll never have to look at a picture on its side.

### Simple yet smart software

Make prints of incredible quality. E-mail your pictures in a click. Edit anytime. Do it all with Kodak EasyShare software. Even organize your shots into albums so you can find the right picture right away. And with the DX6440, you can do it directly from your camera.

### One Touch To Better Pictures

Get photo-quality prints at home with virtually no worry or waste. Its proprietary color algorithms match your printer to your picture for vivid colors. Plus it's simple to use – just turn it on and it automatically adjusts your printer's settings. Use with Kodak Premium and Ultima picture papers.

### Print anywhere

It's your choice – print your pictures at home, send them to an online photofinisher, or go to a convenient, in-store Kodak picture maker kiosk. Any way you choose, you can count on easily getting the quality you expect from Kodak.
